Manuelito Children's Home representative will be with us tonight!

This is on the Manuelito website
<http://www.mnch.org/>:

We presently serve Manuelito Navajo Children's Home in Gallup, New Mexico. We work as relief house parents, and I travel around the country sharing the news about this good place and recruiting supporters to assist in our important ministry to children in need.

My name is Jeff Foster.

I am the husband of Nancy. Between us, we are the parents of five beautiful daughters (and a son-in-law). I have devoted my life to loving my family and friends and to serving the Lord Jesus Christ and his church.

Be here tonight to meet Jeff and hear about the work among the inhabitants of the Navaho Nation in New Mexico

Beech Grove News

Kristin Toops' father is still sick. Mrs. Toops is still in the nursing home in Shelbyville. Ann and Junior Conner are back in their house. It was restored following their devastating fire. Workers were still busy this week helping unpack things that were cleaned and packed away, but things are beginning to come together. Thankfully they had coverage to fully restore their house, but we know it has been hard to live in other places while waiting for the repairs.

We have flyers to give out to your acquaintances when you invite them to our meeting. Take as many as needed. Note that the times in last week's bulletin were incorrect, but have been corrected in this issue.

A gospel meeting begins next Sunday at Noah, and is scheduled through Wednesday.. James Watkins will be the speaker nightly at 7

Manuelito Children's Home representative, Jeff Foster, is in the area this weekend. He will be at Noah this morning and with us tonight. He will be reporting on the work we support there during our time together.

Just One Little Member

This cleverly written piece of unknown origin accentuates the importance of every member being involved in the work of the church (1 Co.12:14-22).

Xvxn though this keyboard is an old model, it works quitx wxll xxcpt for one kxy. It has wishxd many timxs that it workxd pxrfectly. It is trux that thxrx arx forty-onx kxys that do function wxll xnough, but just onx kxy not working surxly makxs a diffxrxncx.
